10 October 2022

Dear Parent/Carer,

**RE: Year 11 Mock Examinations – Autumn 2022**

Year 11 students will complete two weeks of mock examinations on either side of the half term break starting on Monday 17th October and finishing on Friday 4th November 2022. These mock exams will allow teaching staff to assess progress and structure intervention, as well as provide data for the next round of interim reports, reports that will inform students' post-16 applications.

It is vital that your child attend school every day during this period and work to the best of their ability, especially if this exam data is needed for any reason later in the academic year. Please read the timetable enclosed carefully and support your child in the following ways:

- Check that they have a revision timetable, which is chunked using the pomodoro technique of 25 minutes of revision with a short break repeated three times before a longer rest.
- Ensure that there are incentives and rewards at the end of each break and the exam period.
- Provide a calm and quiet space/times where your child can revise without distractions.
- Involve your child in any discussion about when and how to revise, especially when deciding if they should have access to any electronic devices.
- Allow students to continue their hobbies and support their wellbeing in what can be a stressful time.
- Encourage your child to use GCSE pod, which they have free access to, as an effective revision tool.

It is important that your child adheres to all external exam practices, as outlined by the JCQ, not only to develop good habits for the external examinations' next year, but also to ensure that any mock data collected is valid and meaningful.

The assessments for Art and 3D design will take place at the end of the two-week mock examination window.

If you have any further questions please do not hesitate in contacting the Academy.

Yours faithfully,

**Miss J Tidbury**  
**Assistant Principal**
